Art no: 88 GASA/KW

Art no:	88 GASA/KW
Size:	8-11
Materials:	Goatskin, Cotton, Schanker liner, Nylon
Packaging:	12/120
Standard:	EN ISO 21420:2020, EN388:2016
Category:	II

CATEGORY: II

EN388:2016

2122X

Properties

Classic heavy duty working glove in goatskin leather. Full leather index finger and reinforced fingertips for increased durability. Upper hand in a tough but flexible cotton fabric. Fully lined with a Schanker liner for increased comfort and thermal insulation. Leather knuckle reinforcements. Sturdy and snug knitted nylon cuff keeps wind and debris out of the glove and adds to the insulation properties. The liner and the cuff keep the hands warm during low temperatures. The glove is a typical allround winter glove.

Material information

The gloves are sewn in goatskin with woven cotton fabric.

Technical facts: Intermediate design (category II)

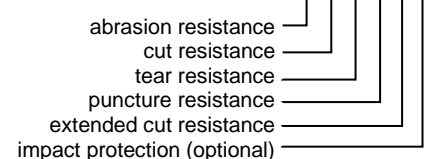

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional test) P if approved. Evaluate the importance of each of the properties and how it applies to you as a user.
