Properties

Winter lined working glove in a longer model. Upper hand in water resistant polyester with knuckle reinforcements made of cow hide leather. Double stitching for extra durability. Inner hand in cow hide leather with reinforcements of an extra layer of cow hide leather for excellent durability. Upper side of the thumb is made of terry cloth to easily wipe of sweat. Lined with 100 grams of Thinsulate™ all the way up to the cuff. Elastic seam and adjustable strap across the wrist for a secure fit. The inside of the cuff is made in an elastic Neoprene to make taking the glove on and off easier. It has a velcro strap and a fastening hook on the side so that the gloves can be kept in pairs.

Material information

The gloves are sewn in Cow hide leather, upper hand in water repellent polyester, Liner in Thinsulate™ 100gsm. Cuff in elastic Neoprene.

Technical facts: Intermediate design (category I)

These gloves are to be used when there is a minimal risk for the user. General requirements for safety gloves are fixed by the CE-standard. The requirements concern purpose, construction, product information, size, chrome contents (max 2 mg Chromium VI per kg) and PH-value, which must be in the range of 3,5 -9,5.
