Properties

Precision half glove in synthetic leather specially developed in cooperation with professional tilers. Upper hand in elastic spandex. Sturdy knuckle protection with EVA gel pads reinforced with durable synthetic leather and double stitches. Dampening cushions in the inner hand and grip reinforcements with silicone patterns for a better grip. Pull tabs at the fingers for easy glove removal. Soft terry cloth on the upper thumb to wipe the forehead. Elastic neoprene cuff with adjustable velcro locks for a safer and better fit. Special pull tab at the end of the cuff to easily take on the glove. Chromium free.

Material information

The gloves are sewn in Amara, upper hand in spandex, Silicone pattern in grip. Neoprene cuff, EVA shock dampening pads on knuckles. Terry cloth on top of thumb.

Technical facts: Intermediate design (category I)

These gloves are to be used when there is a minimal risk for the user. General requirements for safety gloves are fixed by the CE-standard. The requirements concern purpose, construction, product information, size, chrome contents (max 2 mg Chromium VI per kg) and PH-value, which must be in the range of 3,5 -9,5.
