

Cow grain glove

Art no: C743-BW

Art no:	C743-BW
Size:	8-11
Materials:	Nötnarv, Cotton
Packaging:	12/120
Standard:	EN420, EN388:2016
Category:	II

CATEGORY: II

EN388:2016

2233X

Properties

Half lined classic working glove in cow grain leather. The lining is 100% cotton. The upper hand and cuff are in sturdy cotton. Artery protection and knuckle reinforcement in cow grain leather. The durable leather makes the glove last considerably longer compared to traditional leather gloves. Excellent choice for the heavy industry where durability and quality are important requirements.

Material information

Sewn in cow grain with upper hand and cuff in cotton. Half lined with a cotton lining.

Technical facts: Intermediate design (category II)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional) P if approved. Evaluate the importance of each of the properties and how it applies to you as a user.
