PRODUCT DATA SHEET

Air Winter 5213

Art no: HV-T-5213

Art no:	HV-T-5213
Size:	7-12
Material:	Polyester, Acrylic, Nitrile
Packaging:	12/120
Standard:	EN ISO 21420:2020, EN388:2016, EN407:2020, EN511:2007
Category:	II

CAT: II

EN388	EN407	EN511
3121X	X1XXXX	X2X

Properties

Seamless knitted winter glove with lining – 15-gauge polyester in hi-vis orange on the outside and brushed 10-gauge acrylic on the inside – providing warmth and flexibility in cold environments. The palm is coated with foamed nitrile and nitrile dots for excellent grip and durability in damp or slightly oily conditions. The brushed acrylic lining insulates effectively without compromising dexterity or comfort.

Material information

The glove is knitted with a 15 Gauge machine which means 15 stitches per inch. The thread is in polyester and coated in foamed nitrile in the palm and over the fingers. Inside the glove is a 10 gauge liner in acrylic.

Technical facts: Intermediate design (category II)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resist- ance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional test) P if approved. Evaluate the importance of each of the properties and how it applies to you as a user.
