Art no: P-203

Art no:	P-203
Size:	7-11
Materials:	Goatskin, Cotton
Packaging:	12/120
Standard:	EN420, EN388:2016
Category:	II

CATEGORY: II

EN388:2016

2122X

Properties

Assembly glove in full grain goatskin leather in the palm, over the full index finger and fingertip reinforcements. Black, ribbed cotton on the upper hand. Elastic wrist band for a better fit. Suitable for simple welding tasks. Goatskin is a very flexible and durable material. The glove is an excellent choice for all types of assembly, warehouse, order picking jobs, etc.

Material information

The gloves are sewn in Goat grain leather. Ribbed 100% cotton on the upper hand.

Technical facts: Intermediate design (category II)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional) P if approved. Evaluate the importance of each of the properties and how it applies to you as a user.
