PRODUCT DATA SHEET

Welding Glove Goatskin

Art no: G-3030

Art no:	G-3030
Size:	6-13
Materials:	Goatskin, Cow split leather, Kevlar®
Packaging:	12/60
Standard:	EN420, EN388:2016, EN407, EN12477:2001
Category:	- II

Properties

Welding glove fully made from goat grain leather, with the cuff in cow split. Unlined. The glove is sewn with strong and heat resistant Kevlar® thread with double stitching at exposed areas. Extra reinforcements in both the thumb and the full index finger for increased durability. Elastic band at the wrist for a better and safer fit. Goatskin leather is both thin, supple and durable while the upper hand in cow split provide extra heat resistance.

Material information

The gloves are sewn in goatskin leather, cow split leather cuff, Kevlar® thread.

How to read the pictogram:

EN388:2016

Technical facts: Intermediate design (category II)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resist- ance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional test) P if approved. Evaluate the importance of each of the properties and how it applies to you as a user.
