

Salus Kat-5

Art no **ADF-270**

Sizes: **6-11**

Materials: **Tuffalene® fiber, Nitrile**

Package: **12/144**

Washable

Silicone free

Oil resistant

Chromium free

13 gauge thread

Nitrile dipped

Cut protection

Finger dipped

Properties

Seamless knitted cut resistant gloves in soft and supple Tuffalene® fiber providing a high level of comfort. Cut protection level 5 which is the highest level in accordance to EN388. Dipped in durable microfoam nitrile that provides a very good grip. The gloves are silicone free, solvent free and leaves no fingerprints.

Material information

The gloves are knitted in "13 gauge" machines which means 13 stitches per inch of fabric. The thread is in Tuffalene® fiber. The glove is dipped in a micro foamed nitrile. This technology is 100% water based.

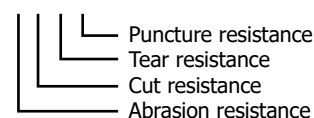

Technical facts: Intermediate design (category 2)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN 388 test methods and certified by a notified body. The testing is done for abrasion, cut, tear and puncture resistance. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4 and puncture resistance 4. Evaluate the importance of each of the properties and how it applies to you as a user.
