Fingertip
dipped

13 gauge
thread

Properties

Seamless knitted cut resistant gloves in soft and supple Jonnyma® fiber providing a high level of comfort. Cut protection level 5 which is the highest in accordance with EN388. Dipped in PU in the palm and over the fingertips providing a good grip. The gloves are silicone free, solvent free and leave no fingerprints.

Material information

The gloves are sewn in Jonnyma®, a polyethylene fiber with very high molecular weight. The gloves are knitted in "13 gague" machines which means 13 stitches per inch of fabric. The gloves are dipped in PU.

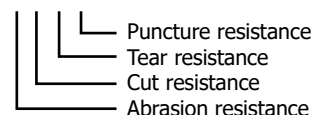

Technical facts: Intermediate design (category 2)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN 388 test methods and certified by a notified body. The testing is done for abrasion, cut, tear and puncture resistance. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4 and puncture resistance 4. Evaluate the importance of each of the properties and how it applies to you as a user.
