

PRODUCT DATA SHEET

Flash Velcro

Art no: PRV-750

Art no:	PRV-750
Size:	8-12
Material:	PU, Polyester, Fleece, M-Tex® membrane
Packaging:	12/120
Standard:	EN ISO 21420:2020, EN388:2019, EN511:2007
Category:	II

EN388

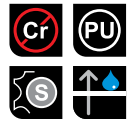

2222X

EN511

121

CATEGORY: II

Properties

Assembly winter gloves with a ribbed PU palm. Full index finger and thumb and fingertip reinforcements in PU for increased durability. Double stitching at exposed areas to wear and tear. The upper hand in high quality, elastic polyester. Piping and details in elastic fluorescent fabric. Fully lined with a warm and comfortable fleece lining. M-tex™ membrane between the lining and the outer material. The membrane makes the glove wind and waterproof but provides excellent breathability for warm and dry hands. Sturdy Velcro strap on an elastic wristband for a snug and safer fit.

Material information

The gloves are sewn in PU, polyester and lining in fleece with a M-Tex® membrane.

Technical facts: Intermediate design (category II)

EN388:2016

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional test) P if approved. Evaluate the importance of each of the properties and how it applies to you as a user.
