## Properties

Heavy duty working glove in synthetic leather. Elastic Spandex across the upper hand. Impact protection across the knuckles in molded EVA rubber that's flexible and keeps the mobility of the hand. Reinforcements of the fingertips with double seems for durability. The inner hand is reinforced with a strong material for maximum grip. Unlined. Double elastic seam across the wrist for a secure fit. Slip on model with a rubber pull-on strap. Chromium free.

---

## Material information

The gloves are sewn in synthetic leather, upper hand in spandex, EVA foam knuckle pads.

---

## Technical facts: Intermediate design (category I)

These gloves are to be used when there is a minimal risk for the user. General requirements for safety gloves are fixed by the CE-standard. The requirements concern purpose, construction, product information, size, chrome contents (max 2 mg Chromium VI per kg) and PH-value, which must be in the range of 3,5 -9,5.
