

## Cut Armour

Art no: HGS-9138

**HySafety**

**CE**

CATEGORY: I

Art no:	HGS-9138
Size:	7-12
Materials:	Getskinn, Spandex, Spectra®
Packaging:	12/120
Standard:	EN420
Category:	I

## Properties

Light and comfortable tactical glove for body search and similar situations where tactile sensitivity is important, but the risk for cut injuries are high. Top quality durable goatskin leather. Full index finger leather reinforcement and on fingertips and thumb grip for extra durability. Cut resistant Spectra® lining inside the full glove for reliable protection against cut injuries. Elastic spandex on the upper hand with excellent breathability for comfort. Adjustable cuff with a Velcro lock for a safe and snug fit. Storage loop for each glove for use with a carabiner hook attached to a belt.

---

## Material information

Tactical glove made of goatskin of the highest quality in the inner hand. Spectra® lining in the entire glove and leather reinforcements all over the hand. The back is in elastic spandex. Velcro straps over the wrist.

---

## Technical facts: Intermediate design (category I)

These gloves are to be used when there is a minimal risk for the user. General requirements for safety gloves are fixed by the CE-standard. The requirements concern purpose, construction, product information, size, chrome contents (max 2 mg Chromium VI per kg) and PH-value, which must be in the range of 3,5 -9,5.
