

Aquaguard

Art no: HV-LKX301

Art no:	HV-LKX301
Size:	7-12
Materials:	Nylon, Latex
Packaging:	12/120
Standard:	EN420, EN388:2016
Category:	II

CATEGORY: II

EN388:2016

3131X

Properties

Knitted waterproof glove in nylon with superior fit and comfort even for long time use. Triple latex coating makes the glove waterproof with additional insulation properties. Outer layer in Sandy Grip technology with a fantastic grip in dry, wet and oily conditions. Extremely light glove suitable for all wet environments with high requirements on a safe grip and long term usage.

Material information

Knitted waterproof glove with triple layers of latex coating in the inner hand. Sandy Grip technology.

Technical facts: Intermediate design (category II)

How to read the pictogram:

EN388:2016

a b c d e f

abrasion resistance
 cut resistance
 tear resistance
 puncture resistance
 extended cut resistance
 impact protection (optional)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional test) P if approved. Evaluate the importance of each of the properties and how it applies to you as a user.
