## Properties

Waterproof knitted glove with an elastic acrylic winter liner providing good breathability and high level of comfort. Double coated with latex making the glove water proof and gives additional insulation properties. The outer latex layer in Sandy Grip technology for an excellent grip in dry, wet and oily conditions. The light latex coating effectively isolates cold air and water making the glove easily adaptable to low temperature and wet conditions.

## Material information

Knitted waterproof glove with double layer latex coating in the inner hand with an elastic acrylic lining. The outer layer is made with Sandy Grip technology.

## Technical facts: Intermediate design (category II)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional) P if approved. Evaluate the importance of each of the properties and how it applies to you as a user.
