

Mechanp Black

Art no: HV-PE304

Art no:	HV-PE304
Size:	6-12
Materials:	Polyester, PU
Packaging:	12/120
Standard:	EN420, EN388:2016
Category:	II

CATEGORY: II

EN420

EN388:2016

3121X

Properties

Thin and extremely light knitted glove in black polyester. Very comfortable even at all day use. Thin black PU coating in the palm and up over the fingertips with high abrasion resistance. The coating gives a good grip and excellent tactile sensitivity for precision work.

Material information

Thin knitted glove in black polyester. Dipped in black PU.

Technical facts: Intermediate design (category II)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional test) P if approved. Evaluate the importance of each of the properties and how it applies to you as a user.
