

PRODUCT DATA SHEET

Chainsaw Safety Winter

Art no: SPSCS100.31 TLW

Art no:	SPSCS100.31 TLW
Size:	9-11
Materials:	Synthetic leather, Nylon, Hypora, Polyamide, Thinsulate™ 40g
Packaging:	12/60
Standard:	EN ISO 21420:2020, EN388:2016, EN ISO 11393-4:2019
Category:	III

CATEGORY: III

EN388:2016

2222X

EN ISO 11393-4:2019

Class 0
Design A / Type 2

Properties

Chromium free, extremely durable winter gloves in synthetic leather with reinforced knuckles and built in chainsaw protection pad (16 m/s) in the upper left hand only, consisting of 14 layers of ballistic nylon fibre. Synthetic leather reinforcements for fingers and thumb grip with maintained flexibility. Additional PVC reinforcements in the palm for added durability and increased grip. Upper hand in elastic and durable spandex. Winter lined with 40g Thinsulate™ and a Hypora® membrane making the glove wind- and waterproof. The cuff is in elastic nylon with a snug fit, preventing wind and sawdust from entering the glove.

Material information

The gloves are sewn with 14 layers of ballistic nylon fiber. The back is in synthetic leather as well as reinforcements over the knuckle and fingers of synthetic leather.

Technical facts: Intermediate design (category II)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional test) P if approved. Evaluate the importance of each of the properties and how it applies to you as a user.
