Properties

Knitted green precision glove with cut-resistance (Level C) in polyester/spandex and HPPE reinforced with steel. The glove is extremely thin and flexible with a great fit and exceptional tactile sensitivity. Black latex coating for an exceptional grip especially in wet conditions. Butadiene free. The ergonomic design of the glove give advantages such as comfort and less hand fatigue.

Material information

Knitted in 18 gaug HPPE/ Steel (cut-resistance level C), polyester/spandex with Latex coating.

Technical facts: Intermediate design (category II)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional test) P if approved. Evaluate the importance of each of the properties and how it applies to you as a user.
