X1XXXX

## Properties

Thin and seamless cut resistant glove (Level F) in a HPPE/Basalt mix. Reduces the risk of injury when in contact with sharp edges and even bladed tools. Touch screen compatible so you can use your phone without removing the gloves. Equipped with a foamed nitrile coating in the palm and over the fingertips. Thumb crotch reinforcement in nitrile. Butadiene free. The glove is abrasion resistant, oil resistant with an excellent grip in dry, moist or oily conditions. Very comfortable glove with great breathability and firm fit.

## Material information

The glove is knitted with a 13 Gauge machine which means 13 stitches per inch. The thread is in Polyester/HPPE/Steel/Basalt/Spandex, and coated in foamed nitrile in the palm and over the fingers.

## Technical facts: Intermediate design (category II)

EN388:2016

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional test) P if approved. Evaluate the importance of each of the properties and how it applies to you as a user.
