Properties

Assembly glove in goatskin leather with fingertip reinforcements. The upper hand is in a cotton interlock. The glove is airy and perfect for when you want a breathable leather glove. Goatskin leather is a very flexible and durable material. The glove is suitable for all types of assembly, storage and retrieval jobs.

Material information

The gloves are sewn in Goatskin, Cotton.

Technical facts: Intermediate design (category II)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional test) P if approved.

Evaluate the importance of each of the properties and how it applies to you as a user.
