Art no: A-799

Art no:	A-799
Size:	7-11
Materials:	Goatskin, Kevlar
Packaging:	12/120
Standard:	EN420, EN388:2016
Category:	II

CATEGORY: II

EN388:2016

2122X

Kevlar.

Properties

Flexible unlined assembly glove in full goatskin leather. All seams in heat resistant Kevlar® thread. The glove is an excellent choice for all types of assembly tasks. Also suitable for simple welding tasks.

Material information

Sewn in goatskin with Kevlar® thread.

Technical facts: Intermediate design (category II)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional) P if approved. Evaluate the importance of each of the properties and how it applies to you as a user.
