

Grip

Art no: N-463

Art no:	N-463
Size:	MENS
Materials:	Nitrile, Cotton
Packaging:	12/144
Standard:	EN420
Category:	I

EN420

CATEGORY: I

Properties

Glove with a cuff in jersey lining that is half coated in nitrile with a smooth surface. With high requirements on wear resistance and protection against cuts, puncture, and abrasion, this coated nitrile glove is the right choice. Excellent choice for the heavy industry where durability and quality are important requirements.

Material information

The glove is half dipped in nitrile on a jersey lining with cuff.

Technical facts: Intermediate design (category I)

These gloves are to be used when there is a minimal risk for the user. General requirements for safety gloves are fixed by the CE-standard. The requirements concern purpose, construction, product information, size, chrome contents (max 2 mg Chromium VI per kg) and PH-value, which must be in the range of 3,5 -9,5.
