

Xtreme

Art no: S-991

Art no:	S-991
Size:	6-11
Materials:	Amara, Polyester
Packaging:	12/120
Standard:	EN420, EN388:2016
Category:	II

CATEGORY: II

EN388:2016

2121X

Properties

Assembly glove in Amara with better breathability than most leather gloves. The upper hand in polyester. Velcro lock for a better and safer fit. Recommended especially for people who are allergic to chromium. The glove is particularly suitable when assembling and packing jobs.

Material information

The gloves are sewn in Amara, upper hand in polyester.

Technical facts: Intermediate design (category II)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional test) P if approved. Evaluate the importance of each of the properties and how it applies to you as a user.
